# LIQUID FILTER MAINTENANCE KITS

**MAKING IT EASY**

Liquid Filter Maintenance Kits  
from the filter kit specialists

## **MAKING IT EASY**

Lube and fuel filters are changed together, instead of ordering multiple part numbers you only need one kit!

## **GREAT RANGE**

Most popular medium and heavy-duty, off-road platforms are available!

## **THE RIGHT KIT**

Kit contents and cross reference information to the OE parts are shown on the carton, making it easy to select the right kit.

## **PEACE OF MIND**

Designed to meet or exceed OE requirements, our products are built to the highest standard, utilising quality materials and backed by a full aftermarket warranty.

## **QUALITY GUARANTEED!**

When you buy Donaldson you can be certain you are buying the best. Our aftermarket warranty provides cover for 1 year from installation or, for the normal service interval period as stated in the equipment manufacturers service manual (whichever occurs first). The use of aftermarket filtration will not void engine and equipment manufacturers' warranties.

Company Details:

# Think filters. Think Donaldson.

## **DURABLE AND RELIABLE LIQUID FILTRATION TECHNOLOGY**

Donaldson lube and fuel filters are designed to keep fluids clean by capturing contaminants and abrasive particles. Unfiltered liquids may result in premature wear of expensive engine components. Quality reliable filtration is an essential component of maintaining sophisticated, modern diesel engines.

## **TOOLBOX**

[www.donaldsontoolbox.com.au](http://www.donaldsontoolbox.com.au)

Toolbox is a powerful online part search and reference tool. Toolbox is available to you 24 hours a day 7 days a week, via any internet browser on any computer or device. You can also access product information, product profiles, technical information and product updates. Plus, you can keep up to date by signing up to Donaldson's eNewsletter.
